**RHEUMA IS FREE FROM NARCOTICS**

Relieves Rheumatism by Cleansing the Whole System of all Impurities.

Do not try to relieve rheumatism by using the system with dangerous drugs. RHEUMA is free from all opiates and narcotics and cleanses the system in a natural but scientific manner. The dangerous "waste" is eradicated from the kidneys, bowels, liver and skin. RHEUMA costs only 50 cents of eWills & Haymaker Co.

"I was a great sufferer from Rheumatism for ten years. After two days' use of RHEUMA I laid down my crutches and have since given them away. I am a well man." J. R. Crocker, 614 Sumter St., Columbia, S. C.—Advertisement.

**BETTER THAN CALOMEL**

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. Unlike strong liquids or calomel, they take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that heavy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box, The Olive Tablet Company, Columbia, S. C.

**FARM AGENTS TO MEET HERE**

Next Week for the Purpose of Promoting Agriculture in West Virginia.

(By G. W. Dudderar.)  
Arrangements have been consummated for the first annual gathering here next week, March 26, 27 and 28, of county agricultural agents of the state of West Virginia and other men prominent in agricultural affairs of the nation.

The gathering of these men will indicate the great interest being taken all over this and other states in the organization of County Agricultural Bureaus and the employment of county agents. Already ten or more counties of West Virginia have each employed a trained agriculturalist, and Harrison county should get into line immediately or the funds allowed this year will be used up and we will have to wait one or perhaps two years. We can not afford to lag behind in this great movement.

Through the state agent, Nat. T. Frame, arrangements have been made for holding a public meeting at the court house Saturday afternoon, March 28, and C. R. Titlow, director of Agricultural extension work of the West Virginia University, will send out invitations to prominent farmers all over the county to come to this meeting. Everybody, however, is invited whether you get a notice from Morgantown or not.

The government is willing to give us \$500, but it will require almost \$2,000 altogether to handle the work for the coming year, so you see that we must raise in Clarksburg or Harrison county at least \$1,200 to \$1,400 and if this can be done immediately a man can be placed here April 1.

At a recent meeting of the board of directors of the Board of Trade, a movement was heartily endorsed and the co-operation of this organization offered. The movement, however, should have also the active financial support of the business men and citizens of Clarksburg as we are all vitally interested in the agricultural development of the county.

Everywhere, especially in commercial organizations, there is a hearty contempt of the man who is wholly engrossed in making dollars for himself, and who has no time or money for his neighbor or his city. In common parlance such a man is

a "tightwad." Yet, as an organization, our horizon has heretofore been largely bounded by the city limits. As city men we have gone to our neighbor, the farmer, only when we were hungry or when we had some gold brick to sell. As city men we have taken the fertility from the farmer's soil and the vigorous young men from the fields for the factories, shops and stores, and we have been putting nothing back.

As a commercial organization we have been too self-centered; but we are now waking up to the importance of the farmer, and through our efforts to establish an agricultural expert we have taken material steps toward showing the farmer that Clarksburg is interested in his problems.

In our program of community development, let us not neglect the large and important element of county development. One of the chief objects of the Clarksburg Board of Trade from now on should be to undertake rural work for the purpose of surrounding Clarksburg with a more prosperous farming community. The limits of our activities must extend beyond the confines of our city and recognize the biggest industry—the industry of farming.

It is farming which gives employment to and provides a livelihood for more people in our surrounding territory than any other industry or group of industries in this city. It is upon the farming people in the community and surrounding territory that the prosperity and success of many of our merchants, manufacturers and business men to a large extent depend. Our Board of Trade can and should concern itself not only in matters of internal development but also in the business problems on the farm in the territory tributary to Clarksburg. The prosperity of a city and the prosperity of its tributary agricultural community are to a far greater extent than we have formerly recognized, interdependent and reciprocal.

From the meeting Saturday afternoon will undoubtedly be started a whirlwind canvass to secure subscriptions for the amount necessary to secure the immediate services of an agricultural expert, and these canvassers should meet with the hearty co-operation of the citizens of Clarksburg as well as the farmers of Harrison county.

**GERMANY NOT READY FOR UNWRITTEN LAW**

As Shown by the Fact That Acquittal is Considered Miss-Carriage of Justice.

(BY ASSOCIATED PRESS)  
BERLIN, Mar. 20.—Germany is not yet ready to see the "unwritten law" become a feature of trials of husbands or wives for killing faithless partners. From comment on the acquittal of Count Mielezyski, who slew his wife and her nephew in the countess's bedroom, is sympathetic toward the count, but the acquittal is generally considered a miscarriage of justice. The Kreuzzeitung even makes it a text for advocating abolition of the jury system. It also says:

"We can understand how the jurors felt themselves impelled to acquit if possible. From a purely humanitarian standpoint one can be glad that they did reach an acquittal. Count Mielezyski's holiest rights were transgressed against and his deed testifies to a feeling of honor and an earnest appreciation of the married relation which we could only wish prevailed everywhere among our people. But the basic principle of our justice, that the individual shall obtain his rights and revenge through the state, may not for this reason be abandoned."

The Tageszeitung also understands the feeling that prompted acquittal, but declares that it "would be a grave thing if this feeling prevailed or should come to prevail throughout our folk. . . . Such acquittals are almost the rule in the Latin countries, especially in France, and it is a good indication of the sound sense of the Germans that the Latin example has very generally found our disapproval."

A conviction of Mielezyski, with a finding of extreme mitigating circumstances, would have permitted a sentence as low as six months in prison.

**WESTON**

WESTON, Mar. 20.—A new gas company to supply Weston people fuel has been organized. The members of the council have been informally spoken to about a franchise, and their information is that formal application for a franchise will be made at the next regular meeting of council. Tariff reduction of carbon black is said to be responsible for the reduced price of that product, and there are several concerns in and around this county making it. It no longer pays, and the companies are looking for a market for its gas, being the owners of a number of good wells. This means healthy competition, a thing sometimes very important to the consumer, though the present company has dealt quite fairly with the public since the other company went out of existence.

Weston is also to have a new book store. H. R. Craig and "Doc" McLain are to be the owners, and the location is ideal, being very near the

waiting rooms of the traction company. Men are now at work tearing away the front and middle walls of the lower end of the Lloyd Beeghley building, preparatory to putting in a plate glass front and otherwise preparing the property for a store.

The Democrat this week contains the announcement of the first Lewis county candidate for the county court clerkship. The candidate is Earle A. Harris, a native of the Skin creek country and a brother of D. E. and A. B. Harris, local real estate dealers. It is understood that Deputy Clerk Leader Crook will be a candidate on the Republican ticket, and possibly one or more others will contest with him. Harris may also have opposition for the nomination. Speaking physically, both are heavyweights, and should they be the nominees, it will surely be a fat man's race.

For the circuit court clerkship, W. E. Henry, a young teacher, has already announced. The incumbent is John H. Conrad, and his record is so good that he may be induced to run again, though he may have more opposition than Henry. W. L. Divers, a prominent merchant of Hornor, being spoken of as a possible candidate. For the Democratic nomination for this office Robert Kraus, principal of the high school, is mentioned.

The change in the Sutton road at the Crescent glass plant means that that plant will be enlarged during the summer, and work to that end will begin as soon as the fires are out.

The fourth and last number but one of the lecture course is announced for next Thursday evening in the high school auditorium.

George Vassar left this week to join his parents at Detroit, where the father, Harry W. Vassar, holds a position with a car factory.

Mr. and Mrs. S. A. Steele, of Mountsville, are visiting friends here. They formerly resided here.

Mrs. A. J. Lunsford was taken to St. Joseph's hospital, Baltimore, the first of the week to undergo treatment.

Dr. and Mrs. S. M. Steele are expected home the last of the week from a visit to New York City.

Attorney Birk S. Stathers attended the meeting of the Republican committee at Parkersburg.

Mrs. Edith Newlon, of Clarksburg, has been visiting relatives here.

Dr. F. B. Dorrill, of Webster Springs was in the city this week.

Mr. and Mrs. W. A. Williams are expected to return the first of next week.

**STUDENT GOVERNMENT**

Will Be Given a Trial at Buckhannon as Result of Vote Taken Yesterday.

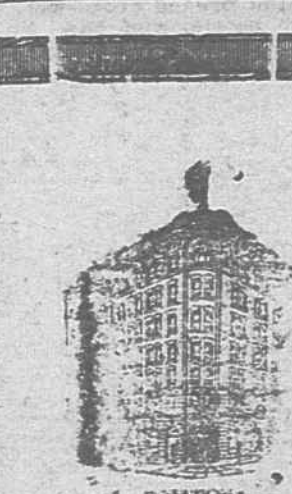

BUCKHANNON, Mar. 20.—The Wesleyan student body by a vote of 175 to 55 expressed itself as being in favor of student government. A large number of students did not vote at all. The vote was taken in the regular daily chapel meeting and the vote was to determine whether or not student government should be considered and if a constitution might be drawn up. The matter is most generally discussed everywhere students gather and quite a little interest is evident. Some further step in the matter will

**A Check is A Receipt**

It's bound to come back to you as evidence. Cash paid for debts bears no recitation—and it's so easy to lose a receipt. A customer of ours saved \$108.20 the other day by having the cancelled check given in payment on a contract. He also avoided an ugly law suit and also kept the other fellow's friendship. You can't do business successfully and satisfactorily without a checking account. We want yours. We offer the very best accommodations that modern banking can possibly provide and resources ample to take care of our customers.

**HEARING**

Of Counterfeiting Charge against Italian Will Be Held Here Tomorrow.

Guiseppe Asaro, said to be the man who passed counterfeit half dollars in this vicinity several weeks ago, will be given a hearing before United States Commissioner John W. Mason Jr., in the office of Chief of Police Brooks in this city sometime tomorrow. Captain Charles E. White, of

the United States secret service department, want to Fairmont today to make arrangements with Commissioner Mason for holding the hearing here tomorrow.

Captain White received telegraphic advice this morning from William J. Flynn, head of the secret service department, that Asaro left Scranton, Pa., guarded by a United States Marshal, this morning. They will arrive here tonight or tomorrow morning.

"Already 21 counties in California out of the total of 58 are maintaining county free library work," says a recent report of the United States bureau of education.
